WEB SITE UPDATE

A display board in the main entrance allows parents and children to have their say on what our new website should look like and contain. We'd like feedback on what you want to be more easily accessible, good examples found from other schools, information you'd like to see which is not already available.

We are also in the process of developing a school app to aid communication rather than the Teachers2Parents text service. The app will allow us to reach more parents, family and friends.

School and Eco Council elections will now take place on Wednesday 15th June 2017.
